Summary

Full stack developer with 6+ years of experience building web apps and eCommerce solutions. Skilled in TypeScript, React/Next.js, Node.js, PostgreSQL, and Shopify theme development. Passionate about clean UX, accessible frontend code, and building scalable backend services. Strong background in both freelance and in-house roles, with a track record of delivering responsive, user-focused products from design to deployment.

Technical Skills

Languages: TypeScript, JavaScript, C#, PHP, Ruby

Frontend: React, Next.js, Astro, Shopify Liquid, HTML/CSS/SCSS, Wordpress

Backend: Node.js, Express, Supabase, PostgreSQL, REST APIs

Tools & Platforms: Git/GitHub, Vercel, AWS, Linux/Bash, Figma, Photoshop, VS Code

Projects

Toybox — Full Stack Developer

Next.js, Supabase, PostgreSQL

2024 – Present

- Designed and developed a full stack app for collectors to showcase action figure collections
- Built responsive, server-rendered UI with App Router and custom CSS
- Integrated Supabase for auth and relational data management
- Focused on accessible markup, fast performance, and scalable architecture

Professional Experience

Front End / Full Stack Developer — Freelance

2018 – Present

- Built modern, responsive websites for clients in eCommerce, food service, and education
- Delivered end-to-end web solutions using React, Astro, or WordPress depending on client needs
- Developed full Shopify themes using Liquid, JavaScript, and custom CSS
- Customized Shopify apps and plugins to meet specific business requirements
- Created backend APIs with Node.js and PostgreSQL to support custom functionality
- Consulted on UX decisions, accessibility improvements, and performance optimization

Shopify Web Developer — The Brick / Sukoshi Mart

2019 – 2022

- Built and maintained custom Shopify templates and features using Liquid and JavaScript
- Implemented cart logic and discount systems using Ruby-based scripts
- Ensured pixel-perfect implementation of Figma designs
- Diagnosed bugs and deployed fixes under tight deadlines
- Collaborated with designers and marketers to enhance user experience and drive conversions

Education

BSc in Computer Science — University of Calgary

Completed 2018
